PROFILE

I'm Mahmudul a dedicated and passionate Front-end developer specializing in React JS. With extensive experience using Tailwind CSS or Bootstrap, I bring your vision of amazing web designs to life with sleek, responsive, and engaging development. Over the years, I've honed my skills by creating a diverse array of front-end projects, pushing the boundaries of creativity and functionality. Moreover, I am continuously expanding my expertise, currently advancing my skills in C programming and Cyber Security.

CERTIFICATION

- Creative IT Institute   2024
  Front-end Development with REACT

  - Developed responsive web applications using React and Next.js, ensuring seamless user experiences.
  - Mastered modern CSS frameworks like TailwindCSS and Bootstrap to create visually appealing and functional designs.
  - Leveraged React and Next.js to build efficient, SEO-friendly websites.

EXTRA CURRICULAR ACTIVITIES

- Ethnica School and College   2019 - 2021
  - Sports Club Vice president
  - Science Club competition Winner

- Ispahani Public School and College   2022 - 2023
